IN THE COURT OF APPEALS OF THE STATE OF OREGON

HAMID MICHAEL HEJAZI,  
Plaintiff-Appellant,

v.

ROBERTO RIOS, EUGENE POLICE DEPARTMENT, LANE COUNTY and CITY OF  
EUGENE,  
Defendants-Respondents.

Lane County Circuit Court No. 20CV18183

Court of Appeals No. A174947

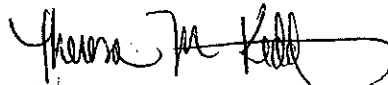

**ORDER DENYING MOTION FOR FEE WAIVER OR DEFERRAL;  
ORDER OF DISMISSAL**

With respect to the motion to waive appellate court filing fees, under ORS 21.682, the court "may waive or defer all or part of the fees and court costs payable to the court by a party in a civil action." (Emphasis added.) However, given all of the circumstances, including the number of civil appeals which have been filed by appellant only to be dismissed by the court for various reasons and lack of any colorable claim of error here, the court declines to waive appellant's filing fees in this civil case. The motion to waive appellate court filing fees is denied.

On November 10, 2020, appellant filed a notice of appeal from a general judgment dismissing the case for lack of service, entered October 13, 2020. Under ORS 19.255, a notice of appeal must be served and filed within 30 days after the date the judgment is entered. And, under ORS 19.270(2), timely service of the notice of appeal on all parties identified in the notice of appeal as adverse parties is jurisdictional and may not be waived or extended. By appellant's own admission, the notice of appeal has not been served on the respondents identified in the notice of appeal. Any attempt at serving respondents now would be well past the 30 days after entry of judgment requirement.

Therefore, that ground, the court on its own motion dismisses the appeal.
